

The Hiram Death Café

with

Joyce Mobley, M.D., '69

Family Medicine

“How we want to die” represents the most important and costly conversation America isn't having. Dr. Joyce Mobley, M.D., '69, and the students of BIMD 35600: How We Die, will lead participants in open-ended, agenda-free discussions about death, life, and end-of-life decisions. The intent of a death café is to “increase awareness of death with a view to helping people make the most of their (finite) lives.” Please join us for a free meal and some vital conversation. Dinner is free to participants, but seating will be limited.
