Students must formally register for the course, fulfill regular attendance expectations, and perform any additional tasks stipulated by the professor. If these conditions are satisfactorily met, the audited course will be recorded on the student's official transcript with a mark of AU. However, it is important to note that audited courses do not provide credits toward graduation and that a course cannot be changed from audit to credit status after the first weekend of the session. The fee for auditing a Hiram College course is \$50.00 per credit hour plus applicable per semester comprehensive fees, and the student is subject to all the general College policies on withdrawal and refunds.*
