

**Quarks to Quasars**  
**Short Writing Assignment #2: Reaction Paper**

Due Thursday Feb. 28 by 10 pm  
[Submit to Sakai drop box]

Format: Word document (double spaced)

Length: no more than 1 page

Please write a "reaction paper" to Barry Lopez's talk "The Storyteller's Obligation". This paper should include a brief summary of the talk and your own reaction to and reflections on what was said. If possible, you should try to draw connections between the talk and our class. (Recall that we did try to establish a connection between fundamental science and storytelling in the first paper assignment).
