*All traditional students must declare their major by **March 1st of their Sophomore year, or before earning 56 hours and becoming juniors**. If a student is not declared by March registration for the following Fall semester, the student will be blocked from registration. Advising is a key component of major declaration. Therefore, after discussing your interest in a particular major with a faculty member of the department, traditional students can officially declare their major by obtaining the signature of the School Director and the signature of the new advisor. If you are changing your advisor, the School Director must sign this form.*
