

WHAT TO DO IF YOU HAVE COVID-19 REGARDLESS OF SYMPTOMS OR VACCINATION STATUS.

Stay home for the next five days and notify the health center, your professors, and/or supervisor.

Stay away from other people as much as possible (including those in your own household).

If you can't stay away from other people, **wear a three-layer mask.**

Do you have a fever or other symptoms that haven't started to get better on day six?

YES

Stay home until your fever is gone and other symptoms are better.

Wear a mask for the next five days.

NO

Resume activities and wear a mask for the next five days.

If you have symptoms of COVID-19 and you are waiting for your test results, stay home until you get them.

WHAT TO DO IF YOU WERE EXPOSED TO SOMEONE WHO HAS COVID-19

AND YOU ARE UNVACCINATED OR YOUR VACCINES ARE NOT UP-TO-DATE

- If you are unvaccinated or only received one dose of Pfizer or Moderna.

OR

- If you completed the primary series* of Pfizer or Moderna vaccine more than six months ago.

OR

- If you completed the primary series* of Johnson & Johnson vaccine more than two months ago and don't have a booster.

AND YOUR COVID-19 VACCINES ARE UP-TO-DATE

- If you received a booster dose of any COVID-19 vaccine.

OR

- If you completed the primary series* of Pfizer or Moderna vaccine less than six months ago.

OR

- If you completed the primary series* of Johnson & Johnson vaccine less than two months ago.

Stay home for 5 days after your last exposure, then wear a mask around others for the next 5 days.

Test on day 5.

If you develop symptoms or test positive, stay home.

Wear a mask around others for 10 days after your last exposure.

Test on day 5.

If you develop symptoms or test positive, stay home.

**A primary series consists of one dose of Johnson & Johnson vaccine; or two doses of Moderna or Pfizer vaccine; or three doses of Moderna or Pfizer vaccine if you received an additional dose because you are immunocompromised.*

If you tested **positive for COVID-19** in the 90 days before your exposure you should:

- Wear a mask around others for 10 days.
- If you develop symptoms, get tested and stay home.
