At Hiram College, explore experiential learning. You’ll challenge yourself to bring together what you learn in and outside the classroom, understand how ideas introduced in one place help you apply concepts in another, and put your ideas to work.

Where to begin? Start by choosing from a wide array of majors or work closely with professors to design your own. Learn how our unique semester structure promotes experiential learning. Discover and explore mindful technology and the great outdoors. Take part in sustainability and help make the world a better place for the next generation. Push your limits in one of our Division III varsity sports or club sports. Join one of the dozens of clubs and organizations on campus.

EXPLORE YOUR POSSIBILITIES AT HIRAM.

Engineering (3+2)
Social Work (3+2)
Law (3+3)

PRE-PROFESSIONAL CONCENTRATIONS
Pre-Dentistry
Pre-Law
Pre-Medical Studies
Pre-Physician Assistant
Pre-Veterinary Medicine
The Hiram Plan, our unique semester structure, gives you the opportunity to transition your classroom knowledge to real-world experiences. The first 12 weeks of the semester consist of a full course load. For the final three weeks, you’ll focus on a single, intensive course in the classroom, in the field, or abroad.

Participate in these real-world experiences through obtaining a paid internship, conducting research with your professors, or understanding the world around you through study away and study abroad programs.

PREPARE FOR YOUR FUTURE
One of Hiram’s greatest treasures is the James H. Barrow Biological Field Station, a 550-acre ecologically diverse natural “classroom”. As an active research and educational facility, the Field Station benefits students of all majors. It provides opportunities for students to increase their understanding and appreciation of nature through hands-on work.

Get your hands dirty with the team by working in eco-management and land stewardship, animal care and wildlife rehabilitation, scientific research, or education and community outreach. Gain real life experience maintaining the different natural and semi-natural areas the Field Station has to offer under the direction of staff.

Up for a longer trek? Head up to Michigan’s Upper Peninsula to see the Northwoods Field Station. Northwoods is in the heart of the Hiawatha National Forest and is minutes away from Lake Superior. There, students learn to live off of the grid in harmony with nature using a low-consumption lifestyle. This means using water from a hand pump, electricity through solar power, and hand-chopping wood for fires – all which make Northwoods unique.

No matter your major, all Hiram students are encouraged to embrace, celebrate, and care for the beautiful environments that surround the campus and beyond.
At Hiram College, admission decisions are straightforward and made without regard to family financial circumstances. We look at you, as a student, your accomplishments, and your drive to learn and succeed.

1. Start with the application.

Fill out our free online application at www.hiram.edu/apply or add Hiram College to Common App. Then, send your official transcripts to Hiram through parchment.com, email admission@hiram.edu, or mail them to the Office of Admission at P.O. Box 67 Hiram, OH 44234.

2. Receive your admission decision!

Once accepted, come to campus for an accepted student day: www.hiram.edu/visit.

3. Complete your FAFSA!

Starting your senior year, you can file your FAFSA at www.studentaid.gov. Be sure to use Hiram’s FAFSA code: 003049. Hiram’s net price calculator at www.hiram.edu/netprice can provide you with estimated net price information minus estimated grant and scholarship aid to help you and your family see what similar students paid previously. Then, review your financial aid awards with your designated financial aid counselor, and find and apply for non-federal scholarships and grants.

Our Student Financial Services Office can help students fill out the FAFSA, look for scholarships, grants, and loans, and more. If you need help, contact Student Financial Services at 330.569.5107 or sfs@hiram.edu.

4. Lastly, become a Terrier!

Submit your deposit at www.hiram.edu/deposit to save your spot as an incoming Terrier:

- $100 tuition deposit
- An additional $100 if you stay on campus.

In mid-January to early February, look out for an email from helpcenter@hiram.edu to set up your Hiram email account. You’ll also be able to register for Orientation once it becomes available.
A HIRAM COLLEGE COMMITMENT

James A. Garfield, former student, leader of Hiram, and President of the United States, was a champion for education and an important advocate for civil rights. Throughout the years, Hiram has continually answered the urgent global call for a commitment to social responsibility. Hiram is actively addressing sustainability, diversity, and inclusion in a variety of ways:

- Bringing sustainability on campus with the TREE House, reducing waste through composting, promoting reusable packaging, and using renewable energy with several solar panel arrays.
- Fostering and promoting increased knowledge of cultural and ethnic diversity through the Office of Division and Inclusion.
- Providing specific support services to enhance the success and personal development of historically underrepresented minority students, as well as arranging cultural programing to promote mutual understanding and respect of one another.
- Creating inclusion-focused campus clubs.
RING THE BELL

Almost 50 percent of all students on Hiram’s campus are collegiate athletes. This means it is possible (and is encouraged) to be a student athlete and prioritize, succeed, and participate in your classes and social activities!

ATHLETIC FACILITIES

With 182,000 square feet of facilities, the Coleman Center hosts a variety of athletic venues: an indoor pool and track, two fieldhouses, and an aerobics studio to name a few. All athletic facilities are open to the entire campus community. The Coleman Center overlooks Henry Field, the home to our football, lacrosse, and soccer teams, as well as other sports complexes and fields.

ACADEMIC SUPPORT

Hiram is committed to intellectual excellence and social responsibility. To fulfill our commitment, we’ve created academic support for all students, including athletes. Students can utilize free tutoring, experience professors and coaches working collaboratively, and be confident that academics will not conflict with athletics. Our academic support eases the unique challenges collegiate athletes face.

Track & Field
Volleyball
Wrestling

Don’t want to continue your sport at a collegiate level? Join one of our many club sports.
You will feel right at home in one of Hiram’s residence halls, with quick access to everything campus has to offer.

HOUSING ON THE HILL
Campus housing on the hill offers a variety of living options for students including first-year only floors, co-ed floors, male or female only floors, and all-gender housing options. All of the rooms in Miller Hall and Whitcomb Hall are double rooms with recently renovated community bathrooms, kitchenettes, and lounges. Bowler Hall is primarily for upper-class students.

Henry Honors Hall is home to the Eclectic Scholars Honors Program, a program that offers students the opportunity to challenge themselves with an enriched curriculum. The designated living space in Henry Hall brings together a network of peers. These students respect one another, the concept of community, and the importance of academic and intellectual life.

EAST HALL
East Hall, home to the Burton D. Morgan Center for Integrated Entrepreneurship, also offers specialty housing options for upper-class students and features six- and eight-person apartment style suites. Each suite offers single and double rooms and a central living area.

TOWNHOUSES
The townhouses give upper-class students the real feel of independence as they walk through their own front door. These two-story houses have an open floor plan with a living room, kitchen, bathroom, and one bedroom on the first floor. The second floor consists of three bedrooms and one bathroom. Each townhouse has a washer and dryer, air conditioning, internet access, and four private parking spaces.

CAMPUS INVOLVEMENT
Explore unfamiliar places, form new relationships, and try new activities. When you become a Terrier, join one of our student-run clubs and organizations to carve out a space for yourself, find out who you are, and what you like. If you don’t see a club you like out of our 25 plus available, start one yourself! There is always a place for you at Hiram.

LOOK AT SOME OF OUR CLUBS:
Investment Club
Dungeons & Dragons
Black Student Union
Presence and Respect for Youth Sexual Minorities (PRSYM)
Computer Science Club
