MAXIMIZE THE IMPORTANCE OF YOUR ASSOCIATE DEGREE

CORE Block Waiver: Students who have earned ANY accredited associate degree are eligible for a block waiver of Hiram's CORE—the Ways of Knowing Distribution Requirement (8 courses), and any student with 64 hours of transfer credit may be eligible for the same.

Hiram Connect: All students transferring to Hiram College take part in Hiram Connect, a program for guided reflection on their course of study and—as the name implies—a connection of their coursework to a guaranteed significant real-world experience outside the classroom—study away, independent research, and/or internships.

The Urgent Challenge Curriculum: The Urgent Challenge Curriculum for transfer students encompasses a two-course sequence that asks students to engage with broad questions that speak to the problems in our contemporary world. In these courses, students learn how to assess what skills and competencies they bring to a team, to address issues through a problem-based learning approach, and finally how to work collectively to address the urgent challenges of our time.
